The Genius solution to run your restaurant more efficiently

Your pocket-sized powerhouse

Cut wait times, streamline kitchen tasks and increase restaurant revenue with a sleek handheld point of sale. From tableside ordering to menu and waitlist management, upselling features and rewards for your regulars, you can have it all. Genius for Restaurants powers orders, profits and unforgettable service from the palm of your hand.

Manage your restaurant from anywhere

In the kitchen or from your patio, keep operations running efficiently with mobile access to all the restaurant tools you need.

Give guests a smooth dining experience

Surpass diners' high expectations with features that create personalized, seamless experiences anywhere they dine.

Empower servers and maximize revenue

Cut server steps and free them up to focus on selling, bringing in more revenue, better tips and repeat visits.

Scale effortlessly with confidence

Grow your business with a mobile solution that adapts to your changing needs and helps you stick a fork in the competition.

genius

The full functionality of a countertop POS at your fingertips.

Pick-up

It's in Genius.

One point of sale system. A plateful of possibilities. From kitchen to checkout, Genius does it all in a handheld format — no compromises required.
