

Put your entire shop in the palm of your hand

A POS that fits in your pocket?
That's Genius.

Get the full functionality of a countertop point of sale in a sleek, handheld device.

- ✓ **Go beyond payments**

Run your business with a POS that powers more than payment acceptance. Check stock, apply discounts, track sales and enroll customers in loyalty programs on the spot.

- ✓ **Make better business decisions — from anywhere**

Access reports and review analytics for all locations to stay informed whenever and wherever you are.

- ✓ **Save time and scale smarter**

Instead of juggling multiple devices or systems, empower staff with a powerful all-in-one tool that connects your entire business.

- ✓ **Shift your focus to customers**

Think customer-first, not terminal-first. A Genius handheld POS helps your staff engage, upsell and build loyalty, instead of simply running a transaction with a traditional terminal.

Simple to use, built to perform

Run your back office
from anywhere with
cloud-based tools

With Genius, data syncs across all devices in real time. Check sales, pull reports, update inventory, approve requests and more — right from your laptop, tablet or phone. Now, you can manage operations, monitor performance and make better decisions no matter where you are.

Your shop's pocket-sized sidekick, where powerful features
meet intuitive design

- ✓ **6-inch touchscreen interface**
- ✓ **Swipe, chip and contactless payment acceptance**
- ✓ **Built-in thermal receipt printer**
- ✓ **Bi-directional barcode scanner**
- ✓ **Robust wifi and 5G connectivity**
- ✓ **Optional receipt printer, charging base and barcode scanner available**
