

GENIUS™ COUNTERTOP POINT OF SALE

**Fast. Flexible.
Future ready.
That's Genius.**

Elevate every checkout with a modular, durable
countertop POS built to move with your business.

Meet the point of sale built for speed and engineered for performance

Do you need multiple screens or a space-saving design? Easy mountability or the ultimate countertop setup? Whatever you need to run your business, **it's Genius.**

High performance when it matters most

Keep lines and operations flowing with a solution that handles complex, high-volume environments flawlessly.

Design-forward aesthetic

Get a sleek, minimalist design that elevates checkout and keeps counters clutter-free.

Flexible. Reliable. Genius.

Ultimate configurability

Choose from building blocks to customize your ideal setup. From a single low-profile device for a tight space to a larger screen helping staff speed through tasks, it's up to your operation and unique needs.

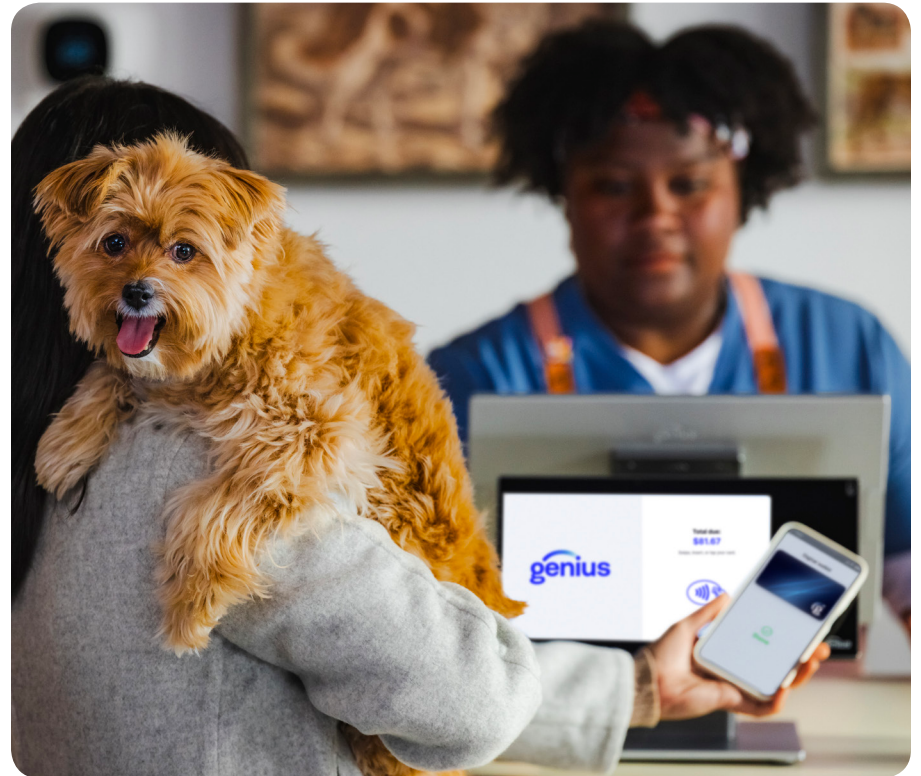

Unmatched connectivity

Connect to the devices you already use — cash drawers, printers and scanners, and add on seamlessly as you grow.

Durability you can count on

Rely on a rugged build that resists spills, humidity and dust inside or out.

Sleek where you see it. Smart where it counts.

Maximal in performance

Speed: Smooth performance and responsiveness with top-tier clock speeds and processor

Power over Ethernet: Install anywhere without costly rewiring

Hub: Compatible with all inputs (USB, Ethernet, AC)

Durability: Spill-proof and water resistant for semi-outdoor use

Brightness: 500 nits for semi-outdoor use

Operating system: Windows, Android, Linux

Minimal in footprint

Design: Modern and minimalist, complementing any interior space

Screen: Ultra-thin edge-to-edge glass

Merchant-facing display (MFD): 15.6" with embedded camera

Customer-facing display (CFD): 10.1" available with or without embedded payment

Counter: Designed for hidden cable management

Mounting: VESA mounting; hub mountable on screen or stand

Your setup, your way

Dual screen

Deliver a premium checkout experience with a dual-screen POS — featuring a merchant- and customer-facing display — built for speed, style and your busiest rushes.

Single screen

Short on space? Not on power. This compact high-speed POS blends into any busy restaurant or retail setting, mounted or on its stand.

Low profile

Sleek, flexible and ultra-compact, the low profile countertop device gives you a minimalist setup ideal for tight spaces. Use it on its own or tether to another.

**Only pay for what you need.
Choose from bundles with
or without CFD.**

Merchant-facing display (MFD)

Hub 1 (Extension I/O)

Counter stand

Power supply

Power cord - USB

USB-C connector (MFD to hub)

Now customize your Genius countertop

Seamlessly add on modular accessories built for real-world performance.

Fingerprint

Fingerprint reader uses biometric authentication to prevent proxies during login.

Magnetic stripe reader

Sleek magstripe reader processes manager cards and gift cards.

Card reader

Lightning-fast Ingenico Moby 5500M card reader takes EMV tap, swipe and dip payments.

Why customers *and* staff are raving about Genius

Highly intuitive checkout experience

Fast item lookup and order entry, fewer errors, smoother handoff and better visibility in bright or high-glare environments.

Flexible payments

Accept all the ways customers want to pay, and easily adapt as your payment needs evolve, without being locked into a single device.

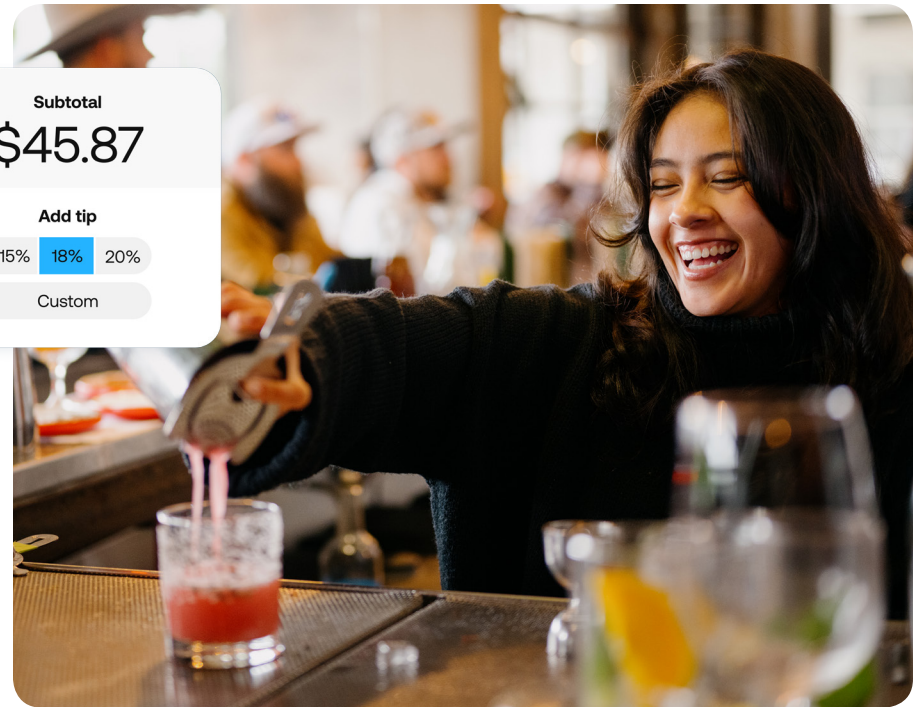

Reliability from street eats to stadium seats

With Genius, you get big-league performance built for any business. For corner restaurants, high-volume stadiums and everyone in between, Genius is the reputable platform that helps you manage high-pressure moments from Black Friday to the big-game Sunday to the lunch rush on Monday.

Your business changes. Genius keeps up.

Optimize your day-to-day with countertop devices that adapt as your setup changes, making it easy to scale as you grow.

A point of sale that looks good *and* does the heavy lifting? That's Genius.
