

The ultimate command center for your shop?

That's Genius.

Tired of juggling multiple disconnected systems? You deserve a POS that does it all. Genius has everything you need to run your shop in one seamless platform.

Get started quickly

Ready, set, sell. Setup is easy thanks to our smart plug-and-play system — and an intuitive interface that requires minimal training.

Simplify your day-to-day

Get more time back with automated inventory and streamlined people management. Build schedules, track employee hours and set permissions with ease.

Improve the customer experience

Speed up checkout with a hassle-free POS. Accept all the ways your customers want to pay anytime, anywhere, so you can reduce wait times and increase customer satisfaction.

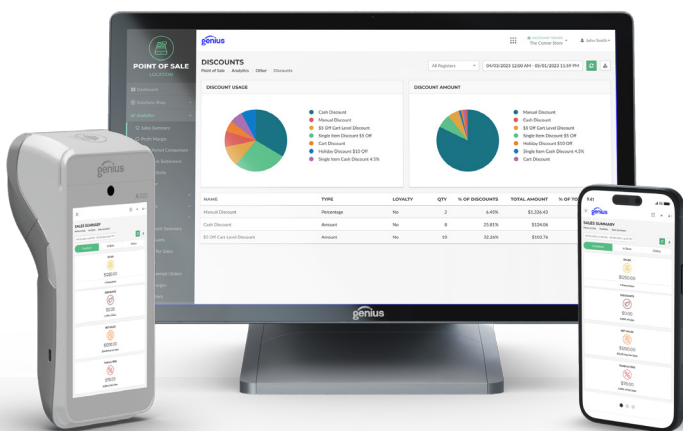

Expand with ease

Access real-time insights that help you identify trends and pinpoint popular products. From your first store to your next, Genius adapts to your needs.

Sleek devices built for busy days

Whether you need a countertop or handheld solution, you can choose what's best for your business today and adjust as you grow tomorrow.

“It’s way more flexible. We can move people through our front desk system faster.”

- Walter Hailes, Freestone Climbing, Missoula, MT

A powerful dashboard that boosts business

Run your business
